This organization is administered by 3 board members who are elected every 2 years. The water, which is drawn from the Roanoke River, is filtered by coagulation and filtration in a 3,800,000 gallon (daily) capacity plant. Also, under supervision of the Sanitary District is 73 miles of sewer lines, which does not include storm sewers, and a like mileage of water lines.

TRANSPORTATION . . . RAIL: Roanoke Rapids is served directly by the Seaboard Air Line Railroad which operates in six Southeastern States and in connection with other Railroads through transportation service is provided to all other parts of the Country . . . Freight and passenger service is provided by regular scheduled freight and passenger trains operating daily northbound via Norfolk, Va., and connections to the East and southbound via Norlina for Southern and Western traffic . . . The Atlantic Coast Line Railroad's main line runs through Weldon, N. C., 4 miles east of the City.

BUS: Roanoke Rapids is well served by the Carolina Trailways Bus Company with 33 trips in and out of the city in all directions daily. The names of these companies are as follows: Bottoms-Fiske Truck Lines, Overnite Transportation Co., Thurston Motor Lines.

In addition to the local carriers named with local offices and terminals, there are numerous out-of-town companies serving Roanoke Rapids, including some of the best known and established motor car-

PREFACE

riers. With the present industrialization of Roanoke Rapids, motor freight service is excellent.

AIR: Although Roanoke Rapids is not, at present, served by any commercial air line, there are three sod runways, 3,000 feet long, lighted for night landings, and "T" hangars. It is open 24 hours a day and has Charter Flights and Airplane Rentals. It is located approximately three miles west of the city on U. S. Highway 158.

AIR FORCE FACILITY: The 632nd Aircraft Control and Warning Squadron (85th Air Division), a unit of the Air Defense Command, is located in the Southwest adjacent area to Roanoke Rapids. This unit is part of the chain of Radar Defense surrounding the United States.

EDUCATION: The public schools of the City of Roanoke Rapids are maintained and operated by the State of North Carolina. However, the city supplements the state funds with the funds raised by the $.50 per $100 property valuation as allowed by state law. These additional funds are used by Roanoke Rapids to have an improved school program over the ones made possible by state and county funds alone.

The Construction of new buildings is a responsibility of the County under the present state-wide school law. At the present time Roanoke Rapids has eight schools including 1 junior high, 2 senior high and 6 grammar schools. They have a full time staff of 173 teachers for approximately 3,555 students.

The city has a growing, public library with 6,664 volumes and a circulation of 13,160 a year. The City Library located in the Armory, has access to books in the County Library at Halifax by way of the bookmobile. Started by the Womans Club and sponsored by the City and Community Chest, the City Library has grown in interest and in volumes each year. Tentative plans call for the construction of a library building in the future.

BUSINESS: Roanoke Rapids is the urban center of Halifax and Northhampton Counties and is therefore the trading center of a large territory in northeastern North Carolina and southeastern Virginia, 1959 business census gives the effective buying power for: A-Roanoke Rapids $18,672,000.00, B-Per Capita $1,436.00, C-Per Family $5,046.00. Halifax County effective buying income is $59,592,000.00. Retail Sales for Halifax County $40,129,000.00, Roanoke Rapids $16,137,000.00. Roanoke Rapids Trading Area is an irregular circle with a 30 mile radius with an estimated population of 172,000. Buying power of people in this area is estimated at $150,000,000.00. Roanoke Rapids is rapidly developing its agricultural commodity markets for peanuts, cotton and sweet potatoes, which are the main agricultural products grown in this area. Due to the livestock interest in this section grain is becoming an important crop.

There are four commercial banks with resources of $7,804,461.00 as of June 30, 1959. Three Building and Loan Associations with resources of $5,586,845.77 and savings and share accounts totaling $5,000,000.00 are in Roanoke Rapids. First Citizens Bank & Trust Company and The Planters National Bank & Trust Company, owners of the local banks, have combined resources amounting to $263,139,186.19.

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
